## DMG MORI strengthens presence and expertise in Russia

# State-of-the-art production plant opened in Ulyanovsk

Bielefeld. DMG MORI has inaugurated one of the most advanced state-of-theart production and assembly plants worldwide at a grand opening. The group invests in Ulyanovsk and thus underlines the continued high demand for new technology in Russia.

"Made in Russia" – with this goal DMG MORI produces turning and milling machines from the ECOLINE series with cutting-edge technology. Due to stronger ties with local suppliers, the group has met government requirements specifying high localization levels to promote structural change within the Russian economy. The stateof-the-art mechanical production area has been designed to achieve an annual capacity of 22,500 production hours.

The heart of the 330,000 m<sup>2</sup> site is a modern, well-equipped production and assembly plant and a state-of-the-art technology and demonstration centre. Engineers at the centre, which covers an area of 640 m<sup>2</sup>, provide permanent on-site presentations and demonstrations for 14 high-tech machines – for test machining, process and time studies. The site is also home to a trend setting energy park which is used to generate up to 15% of the power required at the site.

Ulyanovsk is considered a major industrial centre with a long-established tradition and a key business for the Aerospace and Automotive industries. The new DMG MORI production plant is based in the 'Sawolzhje' industrial area – 875 km south-east of Moscow. Altogether, five sales and service companies (Moscow, Ulyanovsk, St. Petersburg, Yekaterinburg, Novosibirsk) are responsible for the machine tool market which plays an important strategic role. The group currently employs 186 members of staff in Russia who are key to strengthening positive, long-standing business relationships.

### Statements relating to the future

This press release contains statements relating to the future, which are based on current estimates by the management regarding future developments. Such statements are based on the management's current expectations and specific assumptions. They are subject to risks, uncertainties and other factors, which could lead to the actual future circumstances including the assets, liabilities, financial position and profit or loss of DMG MORI AKTIENGESELLSCHAFT differing materially from or being more negative than that those expressly or implicitly assumed or described in these statements. The business activities of DMG MORI AKTIENGESELLSCHAFT are subject to a series of risks and uncertainties, which may result in forward-looking statements estimates or forecasts becoming inaccurate. Should one of these factors of uncertainty or other unforeseeable event occur, or should the assumptions on which these statements are based prove incorrect, the actual results may differ materially from the results stated, expected, anticipated, intended, planned, aimed at, estimated or projected in these statements. Forward-looking statements must not be understood as a guarantee or assurance of future developments or events contained therein.

There are two companies using the name "DMG MORI": DMG MORI AKTIENGESELLSCHAFT with registered office in Bielefeld, Germany, and DMG MORI COMPANY LIMITED with registered office in Nagoya, Japan. This release refers exclusively to DMG MORI AKTIENGESELLSCHAFT. If reference is made in this release to the "DMG MORI group", this refers exclusively to the DMG MORI AKTIENGESELLSCHAFT and its group companies.
