The easy way to digitization: DMG MORI and the US-American software supplier TULIP are simplifying digital manufacturing adoption. Customers can quickly and intuitively create their own APPs – without any programming know-how. Around 100 TULIP workplaces and over 20 self-made APPs are already in use at DMG MORI, among others in the spindle assembly at DECKEL MAHO Pfronten.

Stability and orientation forward: 2019 was a very successful year for DMG MORI. Chairman of the Executive Board Christian Thönes announces new record values for important key figures – and that in a difficult market environment. Even in turbulent times DMG MORI provides orientation forward and is therefore a strong, stable and sustainable partner for customers, suppliers and employees.
