

DMG MORI

AKTIENGESELLSCHAFT

DMG MORI strengthens future field digitization: “2020 is an exceptional year: pandemic plus global economic weakness, geopolitical uncertainties, industrial structural change. In this difficult time everyone at DMG MORI holds closely together. With the strategic orientation of our future fields in the past years we were exactly right. Just now digitization is gaining momentum,” says Christian Thönes, Chairman of the Executive Board of DMG MORI AKTIENGESELLSCHAFT.
