

DMG MORI

AKTIENGESELLSCHAFT

DMG MORI strengthens future field digitization: “With the strategic orientation of our future fields in the past years we were exactly right. Just now digitization is gaining momentum,” says Christian Thönes, Chairman of the Executive Board of DMG MORI AKTIENGESELLSCHAFT.

DMG MORI

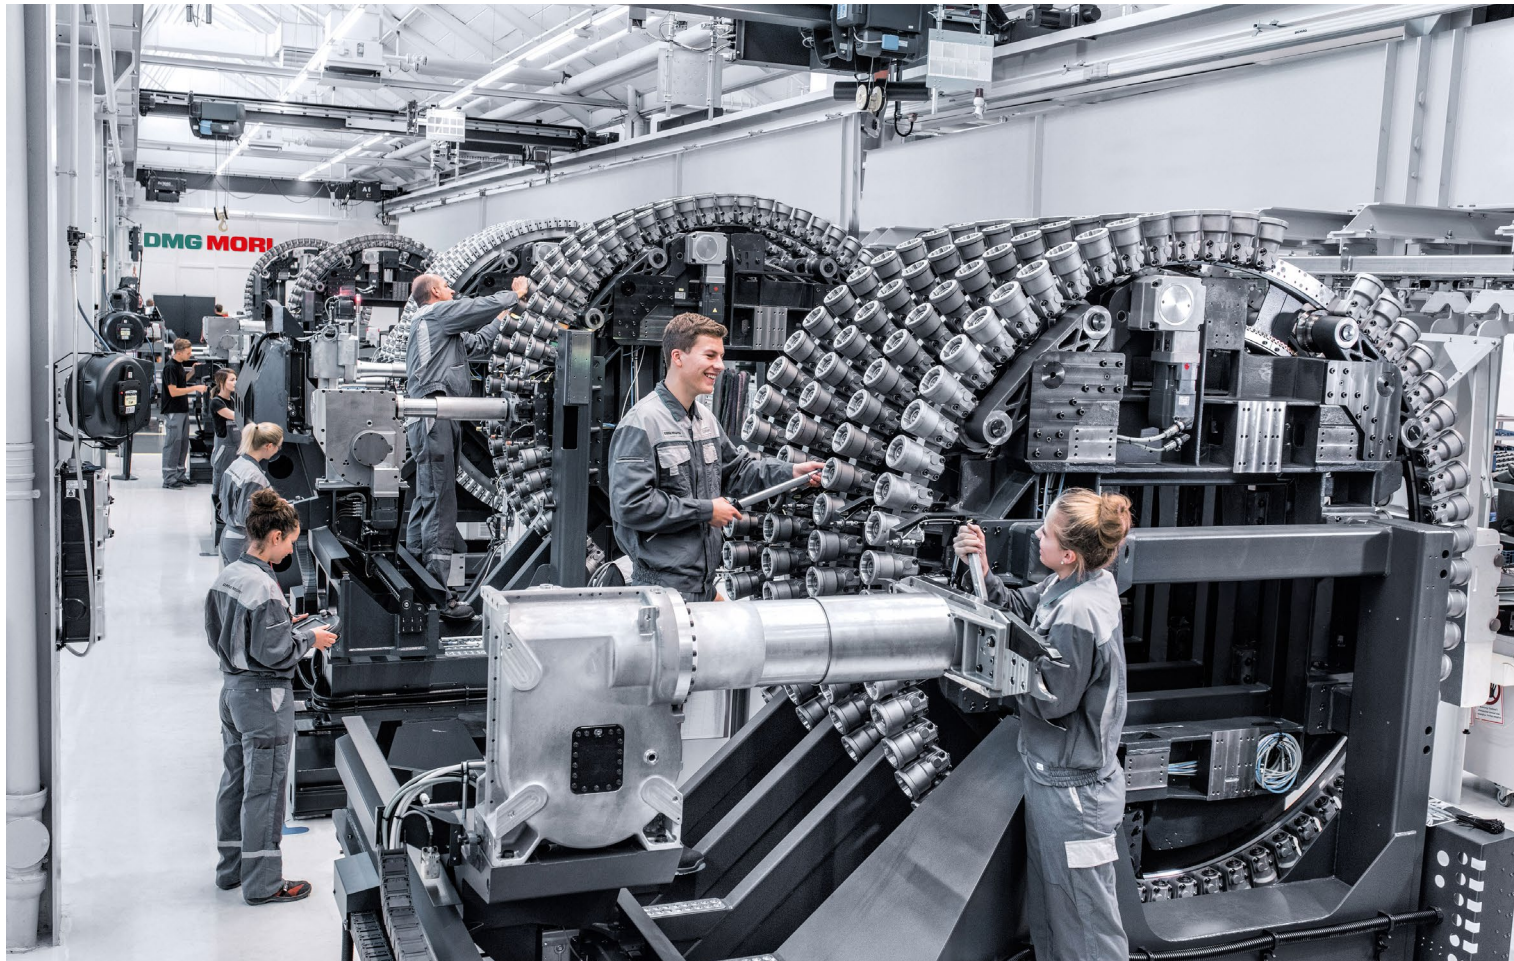

AKTIENGESELLSCHAFT

The easy way to digitization: DMG MORI and the US-American software supplier TULIP are simplifying digital manufacturing adoption. Customers can quickly and intuitively create their own apps – without any programming know-how. Around 200 TULIP workplaces and over 50 self-made apps are already in use at DMG MORI, among others in the spindle assembly at DECKEL MAHO Pfronten.
