

**Award: Best industrial mechanic in the Allgäu region from DECKEL MAHO**

## **DMG MORI honors young talents in Pfronten**

**Bielefeld // Pfronten. Outstanding technical qualifications and exemplary commitment – for years DMG MORI has been one of "Germany's best training companies". The state-of-the-art, holistic training concept pays off every year: in 2021, Johannes Emmerich from DECKEL MAHO Pfronten GmbH is the best industrial mechanic specializing in production technology among his graduating class in the Allgäu region.**

"My very personal congratulations to our dual student Johannes Emmerich. There is no better way to finish the first year of studies. The future at DMG MORI belongs to such talented and motivated young people," says Christian Thönes, Chairman of the Executive Board of DMG MORI AKTIENGESELLSCHAFT.

Christian Thönes personally honored Johannes Emmerich at DECKEL MAHO in Pfronten and, together with Managing Director Reinhard Musch and trainer Markus Trenkle, awarded him with the IHK certificate as the best industrial mechanic. Lorenz Sternitzke was also honored: The 20-year-old received the Bavarian State Prize for his excellent final certificate – awarded by the Ministry of Economic Affairs. In addition, both young talents receive a very special token of appreciation: the DMG MORI Employee Excellence Award.

"The training at DMG MORI is always interesting, international and offers many opportunities to be a part of shaping the company. I am proud to be part of the DMG MORI family," says Johannes Emmerich. Automation, digitization and sustainability are DMG MORI's future topics and are therefore firmly anchored in the training. "We are very pleased about these outstanding achievements. DMG MORI trainees are regularly among the best. We promote and inspire young talents at an early stage – internationally and digitally," says Markus Trenkle.

DECKEL MAHO Pfronten has 1,190 employees, including 97 trainees. Sustainable training is a matter of course for DMG MORI: through high training standards and intensive support for young talents, trainees are optimally prepared for the demands of the modern working world from the very beginning and strengthened in digital skills.

The Management

## Company Profile // DMG MORI

DMG MORI AKTIENGESELLSCHAFT is a worldwide leading manufacturer of machine tools with sales revenues of more than € 1.8 billion and around 6,700 employees. Together with DMG MORI COMPANY LIMITED, our sales revenues are around € 2.7 billion. Around 12,000 employees work for the "Global One Company". With 138 sales and service locations – including 15 production plants – we are present worldwide and deliver to more than 100,000 customers from 54 industries in 86 countries.

Our integrated automation and end-to-end digitization solutions enrich the company's core business with turning and milling machines, Advanced Technologies (Ultrasonic, Lasertec) and Additive Manufacturing. Our modular products allow quick, easy and scalable access to digital manufacturing and integrated digitization along the entire process chain – from planning and preparatory work to production and monitoring to service. **Our mission: Empower our customers in manufacturing and digitization.**

Our technology excellence is bundled within the main sectors of Aerospace and Automotive as well as Semiconductor, Medical, Die & Mold. The partner program DMG MORI Qualified Products (DMQP) allows us to offer perfectly matched peripheral products from a single source. Our customer-focused services covering the entire life cycle of a machine tool include training, repair, maintenance and spare parts service. The online customer portal "my DMG MORI" digitizes all service processes.

Already since May 2020 DMG MORI AKTIENGESELLSCHAFT has an equalized CO<sub>2</sub> balance (Company Carbon Footprint). All machines delivered since January 2021 are produced worldwide – along the entire value chain – completely CO<sub>2</sub>-neutral (Product Carbon Footprint).

## Forward-looking statements //

This press release contains forward-looking statements, which are based on current estimates of the management regarding future developments. Such statements are based on the management's current expectations and specific assumptions. They are subject to risks, uncertainties and other factors, as well as to the effects of the corona crisis, that could cause the actual circumstances including the results of operations, financial position and net worth of DMG MORI AKTIENGESELLSCHAFT to differ materially from or be more negative than those expressly or implicitly assumed or described in these statements. The business activities of DMG MORI AKTIENGESELLSCHAFT are subject to a range of risks and uncertainties, which may likewise render a forward-looking statement, estimate or forecast inaccurate. Should one of these factors of uncertainty or other unforeseeable event occur, or should the assumptions on which these statements are based prove incorrect, the actual results may differ materially from the results expressed, expected, anticipated, intended, planned, aimed at, estimated, projected or implied in these statements. Forward-looking statements must not be understood as a guarantee or assurance of the future developments or events contained therein.
