AKTIENGESELLSCHAFT

**From Hungary to the world:** DMG MORI HEITEC Digital develops high-quality digital services which are used worldwide. At the press conference today, Péter Szijjártó, Hungarian Minister of Foreign Affairs and Trade, announced the financial support of € 2.7 million. It is intended to further improve the programming know-how in the joint venture. In the course of the funding project, around 55 development jobs will be created.
