

DMG MORI

AKTIENGESELLSCHAFT

Netflix for Manufacturing: With PAYZR for Equipment-as-a-Service and Software-as-a-Service, DMG MORI is implementing a new, digital subscription business model. For our customers, this means fast innovation cycles without risk – with maximum flexibility, cost and price transparency and thus maximum planning security.

DMG MORI

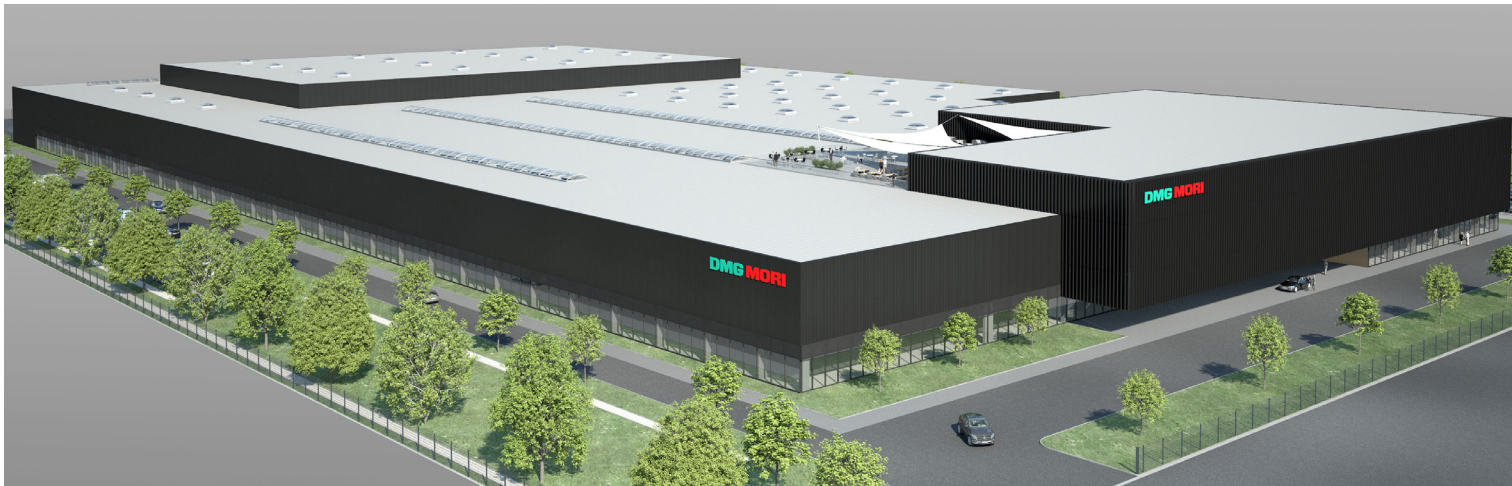

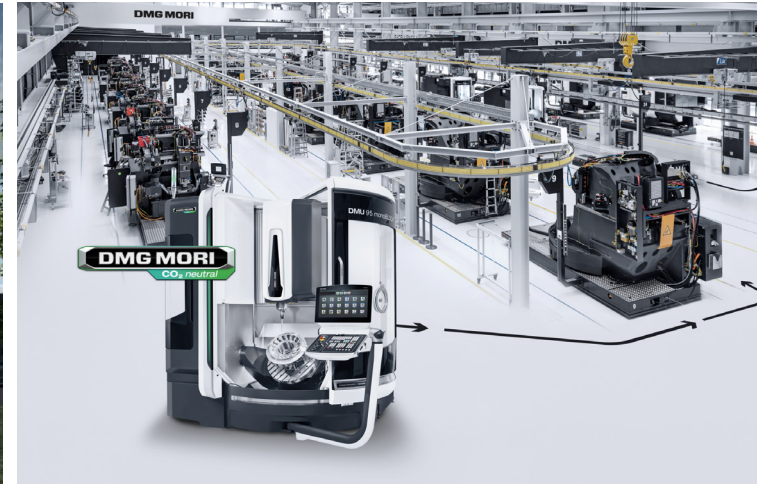

AKTIENGESELLSCHAFT

Strong increase in the 2nd quarter: DMG MORI AKTIENGESELLSCHAFT recorded a highly dynamic business development in the 1st half year of 2021. All key figures increased significantly. Chairman of the Executive Board Christian Thönes (right) as well as Executive Board members Björn Biermann (middle) and Michael Horn are looking to the future with confidence and are again raising the forecast for 2021.

DMG MORI

AKTIENGESELLSCHAFT

In China – for China: DMG MORI invests around € 75 million in a 35,000 m², highly automated and consistently digitized production plant for 5-axis milling machines in Pinghu. The new site near Shanghai covers a total area of 70,000 m².
