

**All business activities in Russia stopped // Immediate aid package for Ukraine**

## **DMG MORI condemns war in Ukraine**

**Bielefeld. At today's meeting of the Supervisory Board, the Supervisory Board and Executive Board of DMG MORI AKTIENGESELLSCHAFT strongly condemned the Russian government's war against Ukraine. As a reaction all business activities in Russia have been suspended. Already at the end of February, DMG MORI has stopped all sales and service activities in Russia as well as the production in Ulyanovsk. This also includes all deliveries of machines, spare parts, components and services to Russia.**

A total of around 200 employees from the modern manufacturing and assembly plant in Ulyanovsk as well as from the three sales and service companies in Moscow, Ulyanovsk and Yekaterinburg are affected. DMG MORI has no employees in Ukraine.

As Global One Company, DMG MORI has donated to the people in Ukraine and to refugees. We are supporting non-profit organizations with a targeted aid package in this humanitarian emergency.

Our thoughts are with the people in Ukraine as well as with our Russian employees and our customers. We wish for peace and a quick ending of this war.

## Company Profile // DMG MORI

DMG MORI AKTIENGESELLSCHAFT is a worldwide leading manufacturer of machine tools with sales revenues of over € 2.0 billion and more than 6,800 employees. In the "Global One Company", around 12,000 employees are in direct contact with over 100,000 customers from 55 industries. DMG MORI is present in 87 countries worldwide – with 16 production plants, 111 sales and service locations – and is actively advancing the future fields of automation, digitization and sustainability. High-precision machine tools and technologies from DMG MORI are at the beginning of global value chains. Integrated automation and end-to-end digitization solutions extend our core business with turning and milling machines, Advanced Technologies and Additive Manufacturing. With modular products, we enable an easy, fast, scalable entry into digital manufacturing as well as end-to-end digitization. With PAYZR – PAY with Zero Risk – for Equipment-as-a-Service and Software-as-a-Service, DMG MORI is also implementing a completely digital subscription business model. Customers benefit from fast innovation cycles without risk – with maximum planning security, cost and price transparency and full flexibility. **Our mission: Empower our customers in manufacturing and digitization!**

Our technology excellence is bundled within the main sectors of Aerospace, Automotive, Die & Mold as well as Medical and Semiconductor. With the DMG MORI Qualified Products (DMQP) partner program, we offer perfectly matched peripheral products from a single source. Our customer-oriented services cover the entire life cycle of a machine tool – including training, repair, maintenance and spare parts service. With our online customer portal *my* DMG MORI, we enable digital, direct access to our service experts and digitize all service processes.

Sustainability at DMG MORI is globally and holistically oriented. Both our "Company Carbon Footprint" and "Product Carbon Footprint" are climate-neutral already today – and that along the entire supply up to the customer. **Our vision: Be the most attractive global machine tool manufacturer with digitized and sustainable products!**
