

DMG MORI

AKTIENGESELLSCHAFT

Strong first half-year 2022: The EBIT margin doubled to 9.1% (previous year: 4.5%). DMG MORI also achieved new record figures for order intake and free cash flow and is raising its forecast for 2022 here.

DMG MORI

AKTIENGESELLSCHAFT

A complete success: From 9 to 21 May, the traditional Open House took place at DECKEL MAHO in Pfronten – more than 5,000 participants informed themselves live and digitally about the latest technological developments from DMG MORI.

DMG MORI

AKTIENGESELLSCHAFT

Digitization: Through digital offerings along the entire value chain, DMG MORI creates added value and strengthens its customer relationships. DMG MORI is consistently expanding the subscription business model PAYZR for Software-as-a-Service and Equipment-as-a-Service.
